DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 15, line 14, please, change "upp r module substrate" to —upper module substrate—for correct typo.

Allowable Subject Matter

2. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

The references cited in this and the previous office actions disclose a module substrate mounting structure having a motherboard and a plurality of module substrate, connecting members, connecting pads of the motherboard, and some other claim elements. However, they do not disclose or render obvious in combination of the structure having a plurality of rows of connecting pads of the motherboard are arranged to be sequentially offset from one another from an inner region of the motherboard where the module substrates are mounted toward an outer region of the motherboard, connecting members of an upper module substrate of the plurality of module substrates

are electrically connected to an outer row of connecting pads and connecting members of a lower module substrate of the plurality of module substrates are electrically connected to an inner row of connecting pads disposed inwardly of the outer row of connecting pads (claims 1 and 10), a portion of the connecting pads connected to a portion of connecting terminals arranged along a first edge portion of each of the plurality of module substrates via the connecting members is arranged in the same row (claim 5), and the plurality of module substrates is stacked so that there is a space an entire overlapping portion of adjacent module substrate and is arranged so that the direction of arrangement of the connecting terminals of an upper module substrate is substantially perpendicular to the direction of arrangement of the connecting terminals of a lower module substrate of the plurality of module substrates (claim 15).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
